REPEATERS & ELECTIONS in DECEMBER

The next KARS meeting will be December 2nd 7PM at St. Mary's Hospital meeting room. Use the main entrance on the South side. Following a brief business meeting, and the elections there will be a program on the history of KARS repeaters from their very beginning to the new updates recently completed on all three repeaters.

EXAM SESSION RESULTS

By Carl K9CS

A testing session was held November 19 at the Kankakee County EOC. William Smolinski, KD9CFX, and Kenneth Smith, KD9CFY, upgraded to General. Both were first licensed in October 2014. VEs at the test session were Don K9NR, Ed W9EJM, Clay N9IO, Tim W9TRF, and Carl K9CS.

NEW YEARS EVE DINNER

Unofficially, a group of KARS members have been getting together around 5 PM on New Years Eve for dinner and friendly conversation. We will be at [El Mexicano Restaurant](#). We then go our own way to party or more often; go home, relax and welcome the New Year in our own way.

As stated earlier, this is an unofficial activity...not to be confused with the annual KARS banquet. While there are no reservations required, we need to have an idea of how many plan to show.

This is a relaxing get together. No program. No plans. Just order from the regular menu, visit, enjoy the food and have fun. If you and your significant other plan to attend, send Don K9NR an email at: donk9nr@gmail.com so we can give the restaurant an idea of how many to expect.

KARS REPEATER POLICIES

The KARS repeaters, like all other ham repeaters, is a private repeater. It is supported by its regular users. KARS policy on repeater dues is a widely accepted one: support your local repeater and be welcome as a transient user on other machines. If you find that you are using another repeater regularly, then support both.

A good ham is well rounded and the lively art of conversation can include many intellectual, artistic and just plain ordinary, day to day subjects. Many hams have other interests, including: astronomy, RC flying, regular flying, nature photography, bicycling, fishing and antique cars just to name a few.

Religion and politics, everybody's favorite subjects to get long and winded over, can get stale real fast! Abstract discussions about these subjects can be carried out in a friendly manner without getting carried away.

New-comers to ham radio often want to put their best foot forward and not commit any radio "gaffs." When operating FM, remember to speak plainly and in a normal voice.

It is a life long learning experience and there are plenty of friendly people around to help you out.

Just be yourself and enjoy the world's greatest hobby!

ROLLIE N9RJM ANTENNA WORK BEFORE WINTER SNOWS

Let's see peg A must fit into slot B, no that's not right., I better ask Jane.

Sure is handy having a crank down tower. I must admire my own handiwork

Now to convince Jane that cranking up the tower would be a fun activity

Elections

In the event that you didn't get enough abuse from the state/federal elections, we have the annual election of KARS Officers/ Board Members at the December meeting! Worry not! There is very little campaigning or mud slinging involved in the club democratic process. The biggest problem we have is getting people to run in the not so contested elections!

Sooo, why not put your name on the ballot. The board voted to double all the officers salaries! Okay, old joke. Zero times anything is still zero! Seriously, jump in or nominate someone you think would do well.

Nominations are accepted right up to the election and you can write-in your choice of candidate. Below is the present "ticket." It's very flexible!
